Lucknow. It is a matter of great pride for the capital city of Lucknow that Jaitra Singh, a Class 2 student of the prestigious Parramatta West Public School in Sydney, New South Wales (Australia), has achieved a remarkable feat by excelling in mathematics. On December 15, 2025, Jaitra received the Mathematics Achievement Gold Medal-2025, surpassing students from various countries studying in Sydney.

This achievement is a testament to Jaitra's extraordinary talent, hard work, and discipline. He has brought honor not only to his school but also to his family and Lucknow by winning gold medals in KG and first year. Jaitra Singh is the son of Saurabh Singh and Deepika Singh, who currently work in Australia. He is the grandson of Dr. Bharat Raj Singh, a renowned senior environmental scientist in India and Director General of the School of Management Sciences, Lucknow.
